

KONS-PRIG

Konstrukt® Premium Rigger Gloves

Konstrukt® Premium Rigger Gloves are made of high quality, double stitched cow grain leather so they're tough enough to endure, even in the harshest conditions. Ideal for construction, mining, rigging, landscaping or general-purpose use, their stitch-free palm section will keep your hands comfortable and protected when handling rope or cable, using heavy duty tools, carrying sharp or heavy materials and any number of other common manual tasks.
